

OMYT 2024 Spring Musical

Script by Julia Taylor

SUMMARY:

Queen Calista and King Jaron have a fairytale life together in the kingdom of Silverveil and are expecting their thirteenth daughter. When King Jaron dies unexpectedly, the Queen locks her daughters away in her grief and alienates her oldest daughter Gara, who runs away and is lost to the Kingdom. Assuming that Gara is dead, the twelve remaining Princesses grow up isolated and sheltered as Queen Calista grows more and more distant in her grief.

Years later the King's brother, Uncle Myron, visits and reveals to Princess Marianna that their oldest sister Gara is actually alive and held captive in the magical Kingdom of Shadows. The sisters bravely embark on an adventure to find their long lost sister led by Annette, the pragmatic second-born heir to the throne and Marianna, the third-born Princess with an adventurous spirit. They find Gara living in a dance-filled land as Queen of the Kingdom of Shadows.

The sisters make this journey three times with the help of Darius and his motley crew of clever bandits and a connection starts to form between Marianna and Darius. The Kingdom of Shadows provides a welcome break for the Princesses from their lives of isolation, projecting the image of a fun, dance loving kingdom each time they visit. However, things are not what they appear and we slowly learn that Gara is hiding a tenuous agreement with the three magical Shadow Keepers: she must remove all of the heirs to the Throne of Silverveil or lose her position as Queen in the Kingdom of Shadows.

Tension grows as Gara tries to get all of her sisters to the Kingdom of Shadows and Queen Calista becomes more and more anxious over the nightly disappearances of her twelve dancing princesses. Darius and his loyal bandits are supported by the quirky Silverveil Castle staff along with Langston, the Head Butler, and Mrs. McIntyre, the Housekeeper. Together, they race against great odds to save the Princesses from the Shadow Keepers and to rescue Queen Calista from herself.

Narrator:

The narrator is an excellent story-teller who relates directly with the audience. The narrator helps to orchestrate the show and illustrate lessons to the audience but can also speak to and interact with the characters.

Sister #6 is nicknamed "Lotti", and is an outspoken, people pleaser. She loves to make people laugh and can't handle quiet moments. Lotti is the comedian and "class clown" of her sisters.

Anastazie: (actor who is able to play age 17)

She is the seventh born and the most like her father. Her mother wants her to pursue music like her father but she prefers painting. She has a quirky artist vibe and really wants to get to know the people of her kingdom outside of the castle.

Natalie: (actor who is able to play age 15)

Natalie is sister #8 and twins with Caroline. She is our classic sporty sister and desperately wants to do competitive fencing. She loves the princess equivalent of "sweatpants and tshirts". She has a driven intensity about her and is a hard worker.

Caroline: (actor who is able to play age 15)

Caroline is ninth born and twin sisters with Natalie, born 10 seconds after. She adores her twin sister and loves supporting and cheerleading Natalie. Caroline is passionate about horseback riding but tries to downplay that because she feels supporting her sister should come first.

Sister #10: (actor who is able to play age 13)

Sister #10 is the reader of the group. She feels very well read and confident that she knows more than most of her sisters do. She has a bit of a cynical/critical attitude. 3 Shadow Keepers:

These three magical characters control the Kingdom of Shadows with murky magic. They pressure Gara into an agreement with them: she must kidnap and remove the heirs of Silverveil and in exchange, she will be made Queen of the Kingdom of Shadows. They are dishonest and untrustworthy and plan to keep everything once the heirs are out of the way.

Kingdom of Shadow Citizens:

Strong dancers who will be featured at the three parties held in the Kingdom of Shadows, each taking place in a different time period. These citizens are actually mirages created by the 3 Shadow Keepers that disappear when the princesses depart.

Langston: (able to play age 50-60)

Mrs. McIntyre: (able to play age 50-60)

Housekeeper at Silverveil castle. She is the stereotypical "no nonsense" mama of the household. Even the Queen is a little intimidated and does what she says. Mrs. McIntyre takes good care of the castle, living strictly by her rule book and does not approve of rule breakers or gossipers.

Silverveil Castle Staff & Villagers:

Maids, butlers, ladies in waiting, cooks, servants. The Castle staff have served there since Calista and Jaron were first married and most still remember the good old days when the castle was happy and full of the carefree noises of Princesses growing up before King Jaron died. They are very devoted to Langston and the Princesses, remaining at the castle doing what little they can to make the sisters smile in spite of Queen Calista's moody demeanor.

Old Queen: (actor who is able to play age 50-60)

Mother of Calista. Adores her only child but is used to being respected and getting her way. She comes off a little bossy, "wearing the pants" in her family, but tries very hard to keep their best interests in mind.

Old King: (actor who is able to play age 50-60)

Doting father of Calista. He will do anything to make her happy. He defers to his wife, the Old Queen, in most decisions and prefers avoiding conflict whenever possible.
