

## One Step Closer (Little Mermaid)

SOLO (Kaden Taufer)

Dancing is a language that is felt instead of heard  
You can whisper, sing or shout  
without so much as a word

Try it, go on, like so...

Just let your emotions tell your FEET what to do  
See how much a single gesture can reveal!  
And ev'ry little step  
Ev'ry single step  
Is one step closer  
To saying what you feel

SOLO (Maddie S)

Once the music hits you,  
ALL THE TENSION MELTS away  
And you find that you're expressing things  
Your voice daren't say  
Don't be afraid, let go

Soon as you surrender,  
what's inside will sweep on through  
As the AWKWARDNESS between us disappears  
And ev'ry little step  
Ev'ry single step  
Is one step closer  
To talking loud and clear

DUET

A dance is like a conversation  
Except you never need to make a sound  
And once you've begun  
You speak as one  
Give and take (Give and take)  
Back and forth (Back and forth)  
Round and round

[dance break]

A dance is like a conversation  
Except your lips don't ever need to part  
And once you've begun  
You speak as one  
Cheek to cheek (cheek to cheek)  
Toe to toe (toe to toe)  
Heart to heart

(Kaden)

Dancing is a language that is felt instead of heard  
(Maddie)

But it says much more than language ever could  
(Kaden)

And ev'ry little step  
(Maddie)

Ev'ry single step  
DUET

Is one step closer...  
One step closer...  
One step closer  
To being understood
