

Sister Act Reprise (Sister Act)

[ANNETTE]

I don't WANT a spotlight
I don't need a CROWN
I don't need the great wide world
To LIFT ME WHEN I'M DOWN.

Don't need fame or fortune
Nice as those things are
I've got all I need
To feel like I'm a star!

[PRINCESSES]

[take me, take me, take me, take me, take me
Take me, take me]

[ANNETTE]

I've got my sisters by my side.
I've got my sisters love and pride.
And with my sisters here,
I have no fear -
I'm right where I should be.
And with my sisters in my heart,
I know we'll never be apart.
And no one on this earth
Can change that fact -

[SOLO]

My brave sisters,

[SOLO]

My sweet sisters,

[SOLO]

My strong sisters,

[ANNETTE]

All my loving sisters -
I'm part of one terrific sister act.
