

## Something to Hold Onto

(Darius)

Just this once before you go  
Just one dance, it's only you and me  
Don't be scared, I'll help you through  
I'll give you something to hold on to

(Marianna)

All my life I never dreamed, That  
I could be as happy as this, as this  
I'm right here, Always for you  
This is our something to hold on to

(Duet)

Hold on to me  
Hold on to me  
This is as free as I'll ever feel, ooh  
And just because it's fiction  
doesn't mean it's not real

Take my hand  
I'll guide the way.

(Marianna)

Rest your head

(Duet)

Be in the now, right now.  
Nothing else can ever undo this

(Darius)

Our something to hold onto.

(Duet)

I'll be your something to hold onto.
