

This spring 2025, Oquirrh Mountain Youth Theater is thrilled to introduce  
a musical treasure hunt of epic proportions:

## *“The Lost Treasure”*

This jukebox-style musical with original script by Julia Taylor follows the adventures of a plucky group of 1960's college students as they hunt for real-life treasure, hidden by the pirate known as Captain Kidd. (Google it - It's a real treasure!) The group includes a wide range of characters such as Daniel, our driven treasure hunter who mysteriously disappears in New York while following a lead on the treasure's location. Or Azalia, a hard working and brilliant anthropology student who has never been able to rely on anyone but herself, being forced to work with William, a stiff college senior with an aversion to germs and dirt. We've got Margie, our popular college girl who loves a good "service project friend" and her group of fun followers including football playing Jack and wide-eyed freshman Lara. Plus so many other fun characters!

Their musical adventures take them hunting through NYC where they meet a host of characters both friendly and not so friendly. Brandon, a shady individual, introduces a treasure map and the plot thickens as the characters suddenly find themselves on their way to the rainforest of Madagascar. There, they have to work with Cynthia Rakoto and her government officials as they race against time to find the treasure. In true "Indian Jones style", our heroes must follow clues, traverse a jungle with dancing trees, decipher ancient languages, explore caves and learn life lessons, all while racing against a typhoon! The show this year includes songs like *Surf Crazy* from *Teen Beach Movie*, *Women and Sandwiches* from *Freaky Friday*, *A Million Dreams* and *Come Alive* from *The Greatest Showman*, as well as music from *Cinderella*, *The Outsiders*, *The Lightning Thief*, *Anastasia*, *Band Geeks*, *Back to the Future*, and more!

Will they find the treasure?

Who will get double crossed?

Will someone find love?

Will they pass their Fall classes?!?!?

Come audition and find out!
